

RVVR Joyful Jester (AQHA)

2009 Silver Grullo Stallion

Unique Show and Stallion Prospect

Jester is one heck of a nice colt! He has a beautiful long neck, a nice top line and a well defined, strong rear end. He has a deep heart girth, a good shoulder and the upside-down V that you'd like to see if you're looking for an athletic horse! He has a chiseled head with a kind eye and a very sweet personality that doesn't lack the charisma you are looking for in a good stud prospect.

His full sister (2007) was shown very successfully at local fairs and is trained to ride. She goes nicely collected under saddle after just 30 days of training, trail rides like a pro and is very easy to train and tries hard to please. A versatile mare that sure knows how to move with an awesome conformation and the same sweet personality!

RVVR Blue Diamond - 2 years old (full sister)

RVVR Blue Diamond - 3 years old (full sister)

Jester is royally bred with Ka Cee Smoker on top, an own son of Mills Dark Smoke that sired many show winners and excellent working ranch horses. Smoker's full brother was IBHA World Reserve Champion Stallion! With The Ole Man and Windjamer on the bottom of his paper it is not surprising that he is fast like lightning and has speed to burn.

Miss Irish Lancer 1975

sorrel

SI 65

Jester is a top show prospect that can earn you lots of money as a gaming horse or even be suited for versatility! With this kind of a pedigree he is an excellent outcross on most mares! He is a top stallion prospect, not only because of his conformation or pedigree but because he unifies all the well sought after traits plus a unique color! There are about 0.7% grullos out of all registered Quarter Horses and being a silver grullo (carries the dun and the cream gene) is like being the icing on the cake!
